### Hidden Links: Exploring Jewish Identity ? The Work of Yona Verwer and Cynthia Beth Rubin

Artists and collaborators, Cynthia Beth Rubin and Yona Verwer are exhibiting works created together and separately, demonstrating how very different paths led each artist to an exploration of Jewish history and heritage that naturally culminated in a collaborative works. Working together as interpreters of history and heritage as they, photograph, document, represent, and weave together the stories of the past and the present.

Their newest collaborative work incorporates the innovative use of Augmented Reality. For more information, go to: <http://history-heritage-lowereastside.blogspot.com>

Sep 03 **Baehrden Historic Lodge and Observatory Open House**

Explore a unique time in Jefferson County by visiting the historic Baehrden Lodge and Observatory. Built in 1927, Baehrden Lodge is a classic representation of the rustic Colorado Alpine style of architecture. Unfortunately, the whole lodge is not yet available but you will be able to walk through and marvel at the restored porch, main room, and dining room. Then you can take the steep hike up to the observatory built for William Baehr in 1937. Come join us for a look into the history of Baehrden and Pine Valley Ranch Park. No formal tours will be offered, however, staff and volunteers will be present to answer questions. Stop by anytime between 10:00 am and 1:00 pm to walk around and get a closer look. Program Details All Ages No registration is required. Please stop by anytime from 10:00 am to 1:00 pm. No food, drink, or dogs allowed in either building. Please park in the upper parking lot and go up the stairs that are located across from the parking lot. There will be a small a-frame sign pointing to the stairs. The stairs up to the lodge are very steep. The trail from the parking lot to the front door is approximately 350 ft with a 60 ft elevation gain. This is considered a hard trail. If you feel that you are unable to walk up the stairs a ride can be arranged. If you need a ride please arrive 15 - 20 minutes early. Let the staff member standing at the bottom of the stairs know that you will need to be driven up to the lodge. There is still a short, slightly uphill walk from where you will be dropped off to the lodge. (250 ft with an easy 2 - 8% grade, dirt trail). Please make sure you are still able to walk this distance or have someone with you to assist you. There is a 1/3 mile moderate to strenuous unpaved trail up to the observatory. You must be able to hike this distance to view the observatory. We will be unable to drive participants up to the observatory. If you are unable to walk this distance, we do not recommend this part of the program due to the nature of the hike. The observatory is not ADA accessible. The lodge can be quite cold please dress in layers. Bathrooms are located in the lower parking lot; there are NO BATHROOMS at the lodge or observatory. Additional Information <http://bit.ly/BaehrdenObservatoryOpenHouse> Office hours are 9:00 am to 4:00 pm Tuesday-Sunday, inquiries made after 4 pm may not be answered until the following day. Sep 04 **Ashtanga Yoga with Becky**

Ashtanga Vinyasa Yoga with Becky Potter  
Every Tuesday and Friday Morning!  
9:30-10:45am

This is an invigorating, athletic practice that is steeped in tradition. No previous yoga experience is required. The

sun salutation is at the heart of the practice, tying breath to movement and bringing vitality and mobility to every part of the body. Interwoven with the sun salutation, we explore a set sequence of poses that we return to in each class.

From simple forward folds to complex arm balances and inversions, the goal in the practice is to create alignment in the body that allows comfort and ease. Along the way, students will have opportunities to sweat, to laugh, to stretch, to strengthen, to explore their limits, and to expand their boundaries.

Becky has studied and practiced many styles of yoga over the past decade. In the Ashtanga Vinyasa style, Becky has found her yoga home. She is honored to share the teachings of Ashtanga with students at Taspens. When she is not teaching yoga, Becky is likely to be hanging out with her kids, gardening, cooking, or reading.

**Fees/Admission:** Donation Based Yoga? At Taspens we believe that yoga is for EVERYONE! Yogic tradition dictates that a student should never have to pay to be instructed BUT the student should never ask to be instructed without first offering a gift. In following with this tradition, we want to offer donation-based classes and packages at our studio. The donations fund our studio and instructors. We have listed a suggested price for our classes/packages. We hope that you will offer what feels right for you! You are always free to give more if you have it to spare, or less if you are unable. We don't want to refuse anyone because they are struggling with abundance. Let Karma be your guide. We suggest a love donation of \$12/class or our great package rates. Don't have a lot of cash flow and still desire to practice...you can also give time, services or energy. Namaste.
