

SILENT AUCTION

For Jason Roe

Saturday, June 26

11 am to 2 pm

Moore Lumber & Hardware Grill & Stihl
246 Mt. Evans Blvd., Pine

On Christmas Eve, one of our customers and member of our community, Jason Roe, sustained a traumatic brain injury along with other massive injuries due to a severe head-first fall directly onto concrete. The quick response of his friend who witnessed the fall, his wife, and the medical response team played a vital role in saving his life. He has endured numerous surgeries for multiple skull and facial fractures and breaks in both forearms. Other injuries that did not require surgery included a break in his neck and fractures of his spine.

We are hosting a silent auction to help Jason with medical and personal expenses due to this tragedy. To make our auction a reality, we are seeking unique and interesting items for the auction. We would like to ask you to donate an item or service. If an in-kind donation isn't possible, monetary donations are always greatly appreciated as well.

Your contribution will be vital to helping Jason in this difficult time of his life.

If you are interested in helping his auction, please contact Kathy at 720-639-7190 x306 or email info@moorelbr.com.
